## *Purchasing Extended Service: the EPSON Preferred Plus Plan*

The EPSON® Preferred plan offers premium warranty service for 1 year. We'd like to offer you the opportunity to extend that premium level of service for an additional 1 or 2 years, through the EPSON Preferred<sup>SM</sup> Plus Plan – Epson's extended service contract for the EPSON Stylus® Pro 5000 printer. Just purchase the Preferred Plus Plan and you'll continue to have access to our toll-free priority technical support line and printer exchange services. You may purchase the Preferred Plus Plan at the time you purchase your print engine, or any time within the first 12 months of printer ownership.

You can obtain pricing information and detailed terms, and purchase a 1 or 2 year Preferred Plus Plan, from your participating EPSON Stylus Pro 5000 dealer.

### **EPSON Preferred Plus Plan Options**
